

Origami CU

At Leyform the attention for details and functionality fuels the creativity in the R&D dept, where they conceived the Origami, a series of office chairs characterized by the neat design and style: no visible screws or holes on the whole chrome steel tube structure, fixed armrests in chrome aluminum with upholstery.

Unmistakable style and ergonomics features are peculiar to the Origami CU office chair, for the executives and CEOs, upholstered in leather or in fabric including a fireproof Xtreme fabric guaranteed 10 years with certification of fire resistance on British standard class 1IM.

Leyform ask no minimum purchase to order the Origami CU executive office chair.
