

Around/960 pouf

Presented on a Studio Ciani design at the 2008 Milan's Exhibition, the linear and basic forms of the Around pouf aren't common at all, banality kept at bay by the uncommon palette of colors and finishes offered in the Trabaldo's catalogue.

An indispensable complement to a modern living room in a private home or in a conversation corner in hotels and waiting rooms, the Around pouf can be dressed according to your taste and environment to best suit your needs. With a glam soul it can be upholstered in leather or imitation leather, with some

very fashionable metallic finish or lurex.

Completely upholstered, this primary form is enriched by the combination with the Beauty mirror from the same manufacturer, to define the ambience with a modern-classic touch.

No minimum purchase required to have the Around pouf, which is ready for shipment after 4 weeks from order.

Dimensions: H 40 cm and diameter 60 cm
