

Easy

A striking piece for the most elegant and stylish living room in a minimal and contemporary home is offered by Santandrea Arredi, which propose the straight lines and perfect finishes of the Easy living room system, a modular series of cabinets and cupboards to store objects and display precious accessories .

The sides and internal shelves are melamine while the doors may be in opaque or smooth finish, varnished or painted in different colors, white, beige, ochre, orange, red, mustard green, sage green, dark grey, brown, black or custard, or veneered in zebra-wood. Santandrea offer the possibility of choosing the various modules in

combined colors, therefore the result is personalized and unique every time.

Perfect in the contemporary settings of a modern living or sitting room, the sleek cabinets of the Easy living room system will suit a well equipped home office. It takes about 3 weeks for the wood stained compositions and 4 weeks for the painted cabinets to be ready for shipment, with no minimum purchase quantity.

The cabinets may be hung to the wall, or may be standing depending on the composition chosen and have many sizes.
