

Catifa 80 2010

Remarkably wide and comfortable, the Catifa 80 2010 has the unmistakable outline of the Catifa collection declined with shorter backrest. The design by Lievore Altherr Molina for Arper here becomes a comfortably spacious and airy seat, ideal for the lounge areas and the waiting areas.

Awarded with the Product Design award in 2007, the Catifa 80 2010 has sled base in chrome steel rod, with shell covered in leather or fabric from the manufacturer's vaste palette.

Very committed with the environmental issues since long time, Arper has obtained all the most prestigious certifications, both on European and American standards. When you purchase an Arper product you are sure to go green in furniture.

Dimensions of the Catifa 80 2010: H71.5 - W84 - D70 cm
