

Spring

The Spring lounge chair will capture you with its modern design, the Spring outdoor chair will surprise you with its fresh and new design, the Spring will astonish you with its elegance: the Spring chair will make you as happy as only a warm sun in spring may do.

You can easily see yourself sitting on the Spring in a pleasant inside spot as much as in an outdoor location, for example you could welcome your guests with a Spring flowery seat by the entrance of your house and they'll be glad for coming.

Imagine to accommodate the public of an art exhibition on a bunch of flowery Spring chairs, it will make any spectacle even more pleasant.

To enjoy dinner al fresco with your friends on a warm evening in your terrace you can sit on the Spring metal chairs.

The Spring chair is built in chromed or lacquered metal and has seat and back in pierced metal sheet, with a version metal adapt for outdoor use. The company offers a wooden multilayer seat and back, with optional leather upholstery, this Spring lounge chair version is to be set only indoors.

Dimensions of the chair are: H73 W80 D90cm, with seat height fixed at 40 cm.
