

Sunrise/236a barstool

Designed by Studio Ciani and presented at the 2007 Milan International Furniture Fair, the Sunrise stool is fun, modern and practical.

The Sunrise stool is suitable for any location you want to décor with an intriguing style and a unique design. In a modern hotel, trendy bar, downtown hotel, its many colours may brighten up the location; in your house, its modern elegance may embellish the living room or the kitchen.

The metal frame of this stool is covered with hard leather available in 22 colours

to choose among. The customer has the opportunity to choose the tone that combines better with the selected location. For example a classic colour may be ideal for a business environment, as an office or an assembly or meeting room, while a brighter colour may suit a trendy environment as a store, a mall or a TV set, as well as in a modern and stylish kitchen

The Sunrise barstool can be supplied with the fire certification class 1/IM, CATAS certified.

Easy to fit anywhere, the Sunrise stool measures H86 x W41 x D41 cm, with seat height at 65 cm. (the barstool is available with seat height at 65 or 75)

There is no minimum quantity requested for the purchase of the barstool, roduct delivered in about 25-30 days from order.
