

Flexa D

Task office chair, ergonomic and linear, Flexa D is ideal for home office situations as its dimensions and its handiness allow easy setting and moving in home office corners.

As desk chair, it fulfills all the user's requirements: comfortable, not cumbersome at all with its linear shell, it is padded in polyurethane foam and covered in a remarkable variety of upholsteries, to match all the possible styles of your home office.

Useful and usable as office task chair, Flexa D office chair features gas mechanism adjustment by lever set under the seat. The shell is supported by a central revolving post in steel tube, with

sateen aluminium painted star-base on castors.

Delivered packed singly in 4 to weeks' time from purchase order without minimum quantity, Flexa D office chair comes assembled and measures 94cm height, 60 cm. width and depth and the seat is 55 cm. high
